

Coordinate Pixel Art

Grade 4

Name: _____

Shade the square at each (x, y) coordinate on the grid to reveal the mystery picture!

Find the x value along the bottom, then count up to the y value. Shade that square. When all coordinates are plotted, a hidden picture will appear!

Example: For (3, 5) → go across to x = 3, then up to y = 5, and shade that square.

Shade the square at each (x, y) coordinate on the grid below to reveal the mystery picture!

(1, 6) (1, 7) (1, 8) (2, 5) (2, 6) (2, 7) (2, 8) (2, 9) (3, 4) (3, 5) (3, 6) (3, 7) (3, 8) (3, 9)
(4, 3) (4, 4) (4, 5) (4, 6) (4, 7) (4, 8) (5, 3) (5, 4) (5, 5) (5, 6) (5, 7) (5, 8) (6, 4) (6, 5)
(6, 6) (6, 7) (6, 8) (6, 9) (7, 5) (7, 6) (7, 7) (7, 8) (7, 9) (8, 6) (8, 7) (8, 8)
