

Reading Line Graphs

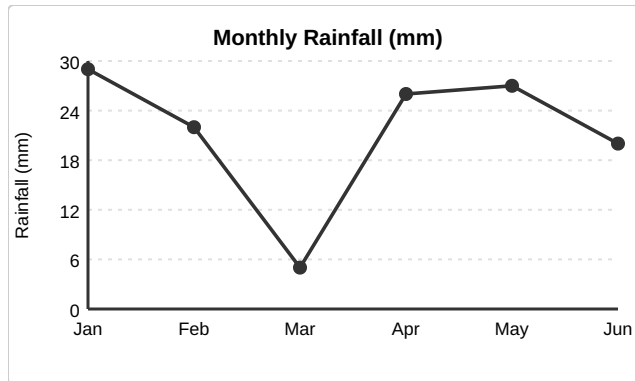

Grade 4

Name: _____

Answer questions using the line graph.

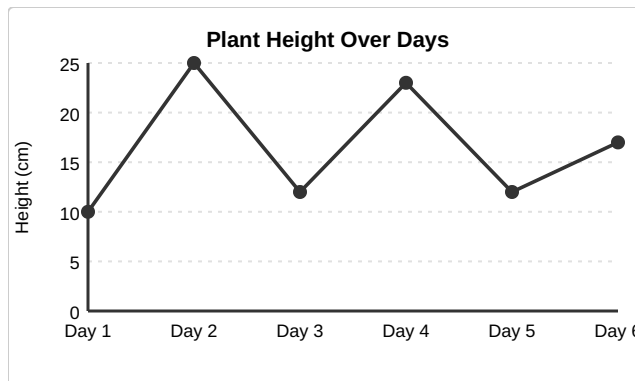

A line graph shows how something changes over time. Points are connected by lines to show the trend.

(1) What is the value at Jan?

(A) 27 (B) 28 (C) 29 (D) 30

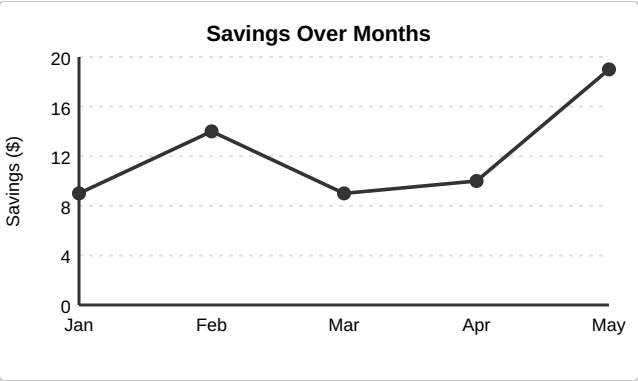

(2) What is the value at Day 4?

(A) 21 (B) 22 (C) 23 (D) 24

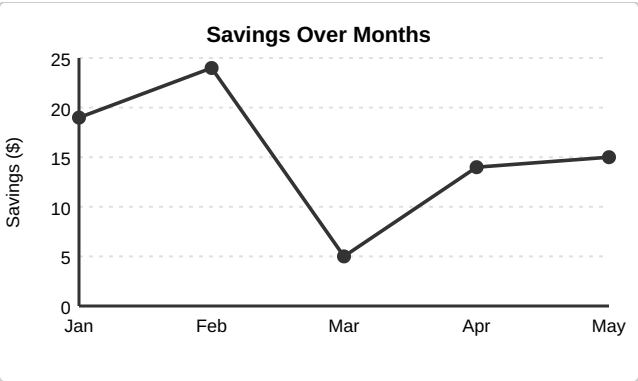

(3) What is the highest value shown on the graph?

- (A) 17 (B) 18 (C) 19 (D) 20

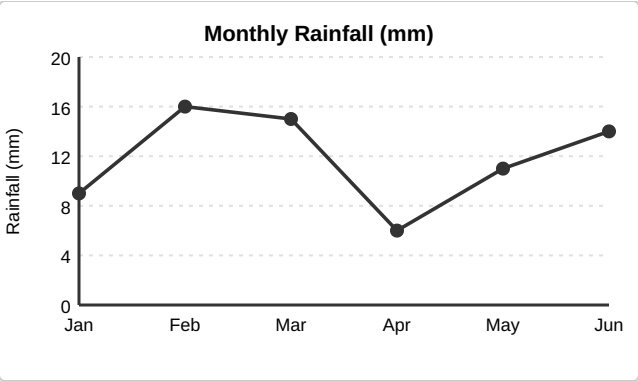

(4) What is the lowest value shown on the graph?

- (A) 4 (B) 5 (C) 6 (D) 7

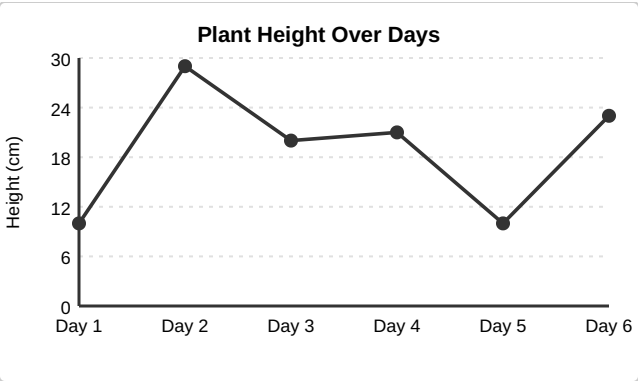

(5) What is the difference between the highest and lowest values?

- (A) 10 (B) 11 (C) 12 (D) 13

(6) How much did the value change from Day 1 to Day 2?

- (A) 19 (B) 20 (C) 21 (D) 22
